OUR 2023 GOALS

One of our goals is to provide a list of outreach activities in our newsletter in a timely manner. Please notify Joyce Anderson at joycejimalaska@gci.net whenever you engage in an activity that would meet our mission statement goals: *The League of Women Voters is a nonpartisan political organization that encourages informed and active participation in government and influences public policy through education and advocacy.*

We want to recognize the work you are doing for our democracy! **And, thanks to all of you for voting in the Federal/State General Election.**
